Policy Professional Code of Conduct

Purpose

This policy provides direction students on the acceptable and responsible use of mobile phones and other electronic devices in the school.

Policy

All students bringing a mobile phone or other electronic device to school must comply with the following directions.

Definitions

Mobile phones are communication devices capable of sending and receiving voice and text messages.

Electronic devices are those that are battery powered and of considerable value.

Procedures

1.1. Mobile phones and other devices such as i-pods must remain in a student’s school bag at all times.
1.2. Mobile phones and other devices are not to be used during school hours for text messages, entertainment or conversations.
1.3. The school will not take responsibility for stolen, lost or damaged phones or other devices left in children’s school bags.
1.4. If the rules are broken the device will be confiscated and parents asked to collect it from the school.
