The letter ‘i’ has two sounds:-

“i” – short sound – as in pig

“I” – long sound – as in ice-cream

The letter “i” cannot end English words. Words that end in “i” are derived from other languages. For example: spaghetti, rabbi, ski

In English, to end a word with the short or long “i” sound, a “y” takes it place. For example: party, accompany, why

**HOMEWORK:** How many words can you think of that end in the letter “i”? What countries do they come from?

Email your list to Mrs D by Sunday evening. The student with the longest list wins a book prize, which will be awarded at morning assembly next week!
